

ABOUT THE BEERS...

Tucannon Honey Wheat

Made from Madsen winter wheat malt (the variety grown right here in Columbia County) and local Yellowstar Thistle honey this light and refreshing brew satisfies the taste buds of those who enjoy a lighter beer. (alc. 5.8%)

Johnson Hollow IPA

Our IPA is a more heavily-hopped, refreshing ale in the style of India Pale Ales from Colonial England. Originally produced for the British troops stationed in India, IPAs could withstand the long journey and high temperatures. This brew is named after an area northeast of Dayton. (alc. 4.2%)

Johnny Mac's Scottish Ale

Named for the brewer's early Scottish ancestor. Pacific Northwest white malted wheat and lots of chocolate malt with a hint of peat are the key ingredients in this decadent brew. (alc. 6.8%)

Oatmeal Chocolate Stout "Nessie"

A full-bodied hearty ale. Made with roasted barley, biscuit malt, wheat, oatmeal, and chocolate. Big Dark & Mysterious. (alc. 6.5%)
